Note.—The Country of Birth of Persons born in Foreign Parts was required to be stated in the Householders' Schedule, but owing to a want of precision in the mode of giving that information, it is probable that the Natives of Prussia, Austria, and Hungary are understated in these Tables, and that the numbers referred to Germany include some persons born in the above Countries.
The Children born in the United Kingdom of Foreign Parents are not included in the above numbers.

* The *Registration* or *Union Counties* consist of groups of entire Registration Districts; which Districts are, in general, identical with the Poor Law Unions. As the principle has been adopted of placing a District which extends into more than one County with the County in which either the principal town or the greater part of the population is located, the limits of the Registration Counties differ more or less from the boundaries of the Counties proper, as shown in "Population Tables, Vol. I.—Numbers and Distribution of the People."

† For the Number of Children *at each Year of Age under* 5, *see* Tables 4 and 5.

‡ For the Parishes and Places comprised in each Superintendent Registrar's District, *see* "Population Tables, Vol. I." The Districts are arranged topographically under the Registration Counties, and are numbered consecutively, commencing with the Metropolitan Districts, Division I.

† For Ages of Husbands and their Wives *in combination*, *see* Table 8.
‡ In the few instances in which persons described as married have been returned at any age *under* 15, they have been classified with the persons *aged* 15 and under 20.

Note.—The Table is read thus:—In Division VII.—North-midland Counties, there were *unmarried* 381,122 *males*, of whom 232,986 were under 15 years of age,—61,980 aged 15 and under 20 years,—39,394 aged 20 and under 25 years,—and so on; and 381,783 *females*, of whom 232,180 were under 15 years of age,—60,567 aged 15 and under 20 years,—and so on. There were of *married* persons, 227,408 *Husbands*,—325 under 20 years of age,—11,807 aged 20 and under 25 years,—and so on; and 229,411 *Wives*,—1,819 under 20 years of age,—19,691 aged 20 and under 25 years,—and so on. And there were of *widowed* persons, 25,937 *Widowers*,—5 under 20 years of age,—163 aged 20 and under 25 years,—and so on; and 43,267 *Widows*,—14 under 20 years,—214 aged 20 and under 25 years,—and so on. The difference between the number of Husbands and Wives arises from *married* couples having been apart, and either the Husband or Wife having been absent from the Division on the night of the Census.

* In the few instances in which persons described as married have been returned at any age *under* 15, they have been classified in these Tables of Ages of Husbands and Wives with the persons *aged* 15 and under 16 years.

Note.—The Table read *vertically* shows the number of *Wives* at each age, with the ages of their Husbands:—Thus, in the North-midland Counties, *Four* Wives of the age of 25 and under 30 years had Husbands aged 18; *Nine* had Husbands aged 19; *Sixty-four* had Husbands aged 20; *Two thousand and forty-nine* had Husbands aged 21 and under the age of 25.

Read *horizontally* the Table shows the number of *Husbands* at each age, with the ages of their Wives:—Thus, *Three* Husbands of the age of 25 and under 30 years had Wives aged 16; *Fifteen* had Wives aged 17; *Eighty-six* had Wives aged 18.

At all ages 215,616 Husbands and 215,616 Wives were enumerated as residing together on the night of the Census.

There were also 11,792 Husbands whose Wives were absent (*i.e.*, the Wives were not returned in the same houses as their Husbands), making in all 227,408 Husbands enumerated; and 13,795 Wives whose Husbands were absent (*i.e.*, the Husbands were not returned in the same houses as their Wives), making a total of 229,411 Wives enumerated in the Division.

Note.—In the present and subsequent Tables the Occupations are arranged according to the principle of classification adopted in the preceding Summary. The Roman Numerals and the other figures in the first column indicate the numbers of the several Orders and Sub-orders to which the various Occupations have been referred; but where a particular Occupation is inapplicable to the sex, or where no persons are classified as following it, the item is omitted in order to save space. The Occupations referred "*Others*" in the several Sub-orders appear in detail in the Summary Table for England and Wales.

Persons engaged in more than one branch of trade are referred to that which appeared to be their chief pursuit.

The numbers returned under trades and manufactures comprise all persons employed in them, including labourers, apprentices, and assistants, as well as employers. Very young persons are thus sometimes classed under Occupations usually followed by adults.

The Table is read thus:—In Leicestershire there were 301 Clergymen of all ages, of whom 5 were aged 20 and under 25 years, 78 aged 25 and under 35 years, 70 aged and under 45 years, and so on for each respective column of age. See Order III., Sub-order 1 (*a*).

Note.—The Country of Birth of Persons born in Foreign Parts was required to be stated in the Householders' Schedule, but owing to a want of precision in the mode of ving that information it is probable that the natives of Prussia, Austria, and Hungary are understated in these Tables, and that the numbers referred to Germany clude some persons born in the above Countries.
The Children born in the United Kingdom of Foreign Parents are not included in the above numbers.

* The *Registration* or *Union Counties* consist of groups of entire Registration Districts; which Districts are, in general, identical with the Poor Law Unions. As the principle has been adopted of placing a District which extends into more than one County with the County in which either the principal town or the greater part of the population is located, the limits of the Registration Counties differ more or less from the boundaries of the Counties proper, as shown in "Population Tables, Vol. I.—Numbers and Distribution of the People."

† For the number of Children at *each year of age under* 5, *see* Tables 4 and 5.

‡ For the Parishes and Places comprised in each Superintendent Registrar's District, *see* "Population Tables, Vol. I." The Districts are arranged topographically under the Registration Counties, and are numbered consecutively, commencing with the Metropolitan Districts, Division I.

† For Ages of Husbands and their Wives *in combination*, see Table 8.

‡ In the few instances in which persons described as married have been returned at any age *under* 15, they have been classified with the persons *aged* 15 and under 20 years.

Note.—The Table is read thus:—In Division VIII.—North-western Counties, there were *unmarried* 869,384 *males*, of whom 522,351 were under 15 years of age,—138,800 aged 15 and under 20 years,—99,342 aged 20 and under 25 years,—and so on; and 898,368 *females*, of whom 521,039 were under 15 years of age,—144,565 aged 15 and under 20 years,—and so on. There were of *married* persons, 499,496 *Husbands*, 1,040 under 20 years of age,—34,868 aged 20 and under 25 years,—and so on; and 509,092 *Wives*, 4,844 under 20 years of age,—53,729 aged 20 and under 25 years,—and so on. And there were of *widowed* persons, 49,746 *Widowers*, 19 under 20 years of age,—442 aged 20 and under 25 years,—and so on; and 109,454 *Widows*, 51 under 20 years,—956 aged 20 and under 25 years,—and so on. The difference between the number of Husbands and Wives arises from *married* couples having been apart, and either the Husband or Wife having been absent from the Division on the night of the Census.

* In the few instances in which persons described as married have been returned at any age *under* 15, they have been classified in these Tables of Ages of Husbands and Wives with the persons *aged* 15 and under 16 years.

Note.—The Table read *vertically* shows the number of *Wives* at each age, with the ages of their Husbands:—Thus, in the North-western Counties, *Five* Wives of the age of 25 and under 30 years had Husbands aged 18; *Thirty-two* had Husbands aged 19; *One hundred and forty-six* had Husbands aged 20; *Five thousand nine hundred and fifty-one* had Husbands aged 21 and under the age of 25.

Read *horizontally* the Table shows the number of *Husbands* at each age, with the ages of their Wives:—Thus, *One* Husband of the age of 25 and under 30 years had a Wife aged 15; *Six* had Wives aged 16; *Thirty-one* had Wives aged 17.

At all ages, 472,338 Husbands and 472,338 Wives were enumerated as residing together on the night of the Census.

There were also 27,158 Husbands whose Wives were absent (*i.e.*, the Wives were not returned in the same houses as their Husbands), making in all 499,496 Husbands enumerated; and 36,754 Wives whose Husbands were absent (*i.e.*, the Husbands were not returned in the same houses as their Wives), making a total of 509,092 Wives enumerated in the Division.

Note.—In the present and subsequent Tables the Occupations are arranged according to the principle of classification adopted in the preceding Summary. The Roman Numerals and the other figures in the first column indicate the numbers of the several Orders and Sub-orders to which the various Occupations have been referred; but where a particular Occupation is inapplicable to the sex, or where no persons are classified as following it, the item is omitted in order to save space. The Occupations referred to "*Others*" in the several Sub-orders appear in detail in the Summary Table for England and Wales.

Persons engaged in more than one branch of trade are referred to that which appeared to be their chief pursuit.

The numbers returned under trades and manufactures comprise all persons employed in them, including labourers, apprentices, and assistants, as well as employers. Very young persons are thus sometimes classed under Occupations usually followed by adults.

The Table is read thus:—In Cheshire there were 349 Clergymen of all ages, of whom 11 were aged 20 and under 25 years, 99 aged 25 and under 35 years, 92 aged 35 and under 45 years, and so on for each respective column of age. See Order III., Sub-order 1 (*a*).

Note.—The Wives of Innkeepers, Publicans, Lodging-house Keepers, Shoemakers, Shopkeepers, Butchers, and Farmers are specifically returned in the Table, as they are generally engaged in the same business as their husbands. (See also Notes under Tables 10 and 11.)

* The "Wives," "Daughters," "Grand-daughters," "Sisters," and "Nieces" (not otherwise described) of Farmers and of Graziers are, if aged 15 years and resident on the farm, &c., presumed to be more or less engaged in farming pursuits, and are therefore referred to Order VIII.; those under 15 years of age are returned as "Children and Relatives," or as "Scholars," Order IV., Sub-orders 3, 4, respectively. The return for "Farm Servant (in-door)" includes dairywomen and all female servants living in Farm-houses, except those employed in domestic duties, as Cooks, Housemaids, Nurses, &c.

Note.—The Country of Birth of Persons born in Foreign Parts was required to be stated in the Householders' Schedule, but owing to a want of precision in the mode of giving that information, it is probable that the Natives of Prussia, Austria, and Hungary are understated in these Tables, and that the numbers referred to Germany include some persons born in the above Countries.

The Children born in the United Kingdom of Foreign Parents are not included in the above numbers.

* The *Registration* or *Union Ridings* consist of groups of entire Registration Districts; which Districts are, in general, identical with the Poor Law Unions. As the principle has been adopted of placing a District which extends into more than one Riding with the Riding in which either the principal town or the greater part of the population is located, the limits of the Registration Ridings differ more or less from the Civil boundaries of the Ridings, as shown in "Population Tables, Vol. I.—Numbers and Distribution of the People."

† For the number of Children at *each year of age under* 5, *see* Tables 4 and 5.

‡ For the Parishes and Places comprised in each Superintendent Registrar's District, *see* "Population Tables, Vol. I." The Districts are arranged topographically under the Registration Counties, and are numbered consecutively, commencing with the Metropolitan Districts, Division I.

* The *Sub-districts* are sub-divisions of the Districts, and severally comprise the Parishes or Places in which the Births and Deaths are recorded by a Registrar appointed for that purpose. For the Parishes and Places comprised in each Sub-district, *see* "Population Tables, Vol. I.—Numbers and Distribution of the People."

Note.—The letter (W.) denotes that a Workhouse is situate within the limits of the Sub-district, and included in the return; (*w.*) indicates that a Workhouse *not* belonging to the District or Union is included in the return. The establishments for pauper children known as Industrial Schools are not here noticed as Workhouses.

‡ In the few instances in which persons described as married have been returned at any age *under* 15, they have been classified with the persons *aged* 15 and under 20 years.

Note.—The Table is read thus:—In Division IX.—Yorkshire, there were *unmarried* 605,149 *males*, of whom 364,618 were under 15 years of age,—97,249 aged 15 and under 20 years,—66,849 aged 20 and under 25 years,—and so on; and 599,733 *females*, of whom 364,943 were under 15 years of age,—95,080 aged 15 and under 20 years,—and so on. There were of *married* persons, 350,430 *Husbands*, 530 under 20 years of age,—21,472 aged 20 and under 25 years,—and so on; and 355,014 *Wives*, 3,559 under 20 years of age,—35,059 aged 20 and under 25 years,—and so on. And there were of *widowed* persons, 36,247 *Widowers*, 4 under 20 years of age,—246 aged 20 and under 25 years,—and so on; and 68,968 *Widows*, 23 under 20 years,—465 aged 20 and under 25 years,—and so on. The difference between the number of Husbands and Wives arises from *married* couples having been apart, and either the Husband or Wife having been absent from the Division on the night of the Census.

* In the few instances in which persons described as married have been returned at any age *under* 15, they have been classified in these Tables of Ages of Husbands and Wives with the persons *aged* 15 and under 16 years.

Note.—The Table read *vertically* shows the number of *Wives* at each age, with the ages of their Husbands:—Thus, in Yorkshire *Two* Wives of the age of 25 and under 30 years had Husbands aged 18; *Eleven* had Husbands aged 19; *Seventy-seven* had Husbands aged 20; *Three thousand three hundred and eighty-one* had Husbands aged 21 and under the age of 25.

Read *horizontally* the Table shows the number of *Husbands* at each age, with the ages of their Wives:—Thus, *One* Husband of the age of 25 and under 30 years had a Wife aged 15; *Seven* had Wives aged 16; *Thirty-five* had Wives aged 17.

At all ages, 333,914 Husbands and 333,914 Wives were enumerated as residing together on the night of the Census.

There were also 16,516 Husbands whose Wives were absent (*i.e.*, the Wives were not returned in the same houses as their Husbands), making in all 350,430 Husbands enumerated; and 21,100 Wives whose Husbands were absent (*i.e.*, the Husbands were not returned in the same houses as their Wives), making a total of 355,014 Wives enumerated in the Division.

Note.—In the present and subsequent Tables the Occupations are arranged according to the principle of classification adopted in the preceding summary. The Roma Numerals and the other figures in the first column indicate the numbers of the several Orders and Sub-orders to which the various Occupations have been referred; but whe a particular Occupation is inapplicable to the sex, or where no persons are classified as following it, the item is omitted in order to save space. The Occupations referred t "*Others*" in the several Sub-orders appear in detail in the Summary Table for England and Wales.

Persons engaged in more than one branch of trade are referred to that which appeared to be their chief pursuit.

The numbers returned under trades and manufactures comprise all persons employed in them, including labourers, apprentices, and assistants, as well as employers. Ve young persons are thus sometimes classed under Occupations usually followed by adults.

The Table is read thus:—In the West Riding of York there were 800 Clergymen of all ages, of whom 21 were aged 20 and under 25 years, 227 aged 25 and under 35 years, 206 ag 35 and under 45 years, and so on for each respective column of age. See Order III., Sub-order 1 (*a*).

* The term "Civil" is here used to distinguish the Civil or Geographical County from the Registration or Union County.

† Persons born in this County have been usually returned as natives of "Yorkshire," without distinction of the Ridings; for this reason, the latter have not been distinguished in these Tables of Birthplaces.

‡ For details of the numbers born in different Countries, the Ages, Occupations, &c. of Foreigners in Yorkshire, *see* Tables 21 to 24 in this Division.

The Table is read thus:—In Division IX.—Yorkshire, of the 466,963 males under 20 years of age, 1,690 *were born* in London (Middlesex Part), 245 in London (Surrey Part), 92 in London (Kent Part), 88 in Surrey (Extra-metropolitan Part), and so on; and of the 535,042 males 20 years of age and *upwards*, 3,449 were born in London (Middlesex Part), 429 in London (Surrey Part), and so on.

Note.—The Country of Birth of Persons born in Foreign Parts was required to be stated in the Householders' Schedule, but owing to a want of precision in the mode of giving that information it is probable that the natives of Prussia, Austria, and Hungary are understated in these Tables, and that the numbers referred to Germany include some persons born in the above Countries.

The Children born in the United Kingdom of Foreign Parents are not included in the above numbers.

* The *Registration* or *Union Counties* consist of groups of entire Registration Districts; which Districts are, in general, identical with the Poor Law Unions. As the principle has been adopted of placing a District which extends into more than one County with the County in which either the principal town or the greater part of the population is located, the limits of the Registration Counties of Durham and Westmorland differ in some degree from the boundaries of the Counties proper as shown in "Population Tables, Vol. I.—Numbers and Distribution of the People." But with regard to Northumberland and Cumberland the Registration and Civil limits are identical.

† For the Number of Children *at each Year of Age under* 5, *see* Tables 4 and 5.

‡ For the Parishes and Places comprised in each Superintendent Registrar's District, *see* "Population Tables, Vol. I." The Districts are arranged topographically under the Registration Counties, and are numbered consecutively, commencing with the Metropolitan Districts, Division I.

† For Ages of Husbands and their Wives *in combination*, *see* Table 8.

‡ In the few instances in which persons described as married have been returned at any age *under* 15, they have been classified with the persons *aged* 15 and under 20 years.

Note.—The Table is read thus:—In Division X.—Northern Counties, there were *unmarried* 370,390 *males*, of whom 216,495 were under 15 years of age,—56,710 aged 15 and under 20 years,—43,183 aged 20 and under 25 years,—and so on; and 340,150 *females*, of whom 211,383 were under 15 years of age,—51,811 aged 15 and under 20 years,—and so on. There were of *married* persons, 187,577 *Husbands*,—290 under 20 years of age,—10,576 aged 20 and under 25 years,—and so on; and 192,198 *Wives*,—2,221 under 20 years of age,—19,998 aged 20 and under 25 years,—and so on. And there were of *widowed* persons, 19,660 *Widowers*,—2 under 20 years of age,—132 aged 20 and under 25 years,—and so on; and 41,397 *Widows*,—18 under 20 years,—295 aged 20 and under 25 years,—and so on. The difference between the number of Husbands and Wives arises from *married* couples having been apart, and either the Husband or Wife having been absent from the Division on the night of the Census.

* In the few instances in which persons described as married have been returned at any age *under* 15, they have been classified in these Tables of Ages of Husbands and Wives with the persons *aged* 15 and under 16 years.

Note.—The Table read *vertically* shows the number of *Wives* at each age, with the ages of their Husbands:—Thus, in the Northern Counties, *One* Wife of the age of 25 and under 30 years had a Husband aged 18; *Five* had Husbands aged 19; *Thirty-five* had Husbands aged 20; *One thousand five hundred and sixty-two* had Husbands aged 21 and under the age of 25.

Read *horizontally* the Table shows the number of *Husbands* at each age, with the ages of their Wives:—Thus, *Three* Husbands of the age of 25 and under 30 years had Wives aged 16; *Twenty-seven* had Wives aged 17; *One hundred and nine* had Wives aged 18.

At all ages 176,671 Husbands and 176,671 Wives were enumerated as residing together on the night of the Census.

There were also 10,906 Husbands whose Wives were absent (*i.e.*, the Wives were not returned in the same houses as their Husbands), making in all 187,577 Husbands enumerated; and 15,527 Wives whose Husbands were absent (*i.e.*, the Husbands were not returned in the same houses as their Wives), making a total of 192,198 Wives enumerated in the Division.

* Of these, 60 belong to the Coast Guard.

† All these belong to the Coast Guard.

Note.—In the present and subsequent Tables the Occupations are arranged according to the principle of classification adopted in the preceding Summary. The Roman Numerals and the other figures in the first column indicate the numbers of the several Orders and Sub-orders to which the various Occupations have been referred; but where a particular Occupation is inapplicable to the sex, or where no persons are classified as following it, the item is omitted in order to save space. The Occupations referred to "*Others*" in the several Sub-orders appear in detail in the Summary Table for England and Wales.

Persons engaged in more than one branch of trade are referred to that which appeared to be their chief pursuit.

The numbers returned under trades and manufactures comprise all persons employed in them, including labourers, apprentices, and assistants, as well as employers. Very young persons are thus sometimes classed under Occupations usually followed by adults.

The Table is read thus:—In Durham there were 256 Clergymen of all ages, of whom 2 were aged 20 and under 25 years, 71 aged 25 and under 35 years, 65 aged 35 and under 45 years, and so on for each respective column of age. See Order III., Sub-order 1 (*a*).

Note.—The Wives of Innkeepers, Publicans, Lodging-house Keepers, Shoemakers, Shopkeepers, Butchers, and Farmers are specifically returned in the Table, as they are generally engaged in the same business as their husbands. (See also Notes under Tables 10 and 11.)

* The "Wives," "Daughters," "Grand-daughters," "Sisters," and "Nieces" (not otherwise described) of Farmers and of Graziers are, if aged 15 years and resident on the farm, &c., presumed to be more or less engaged in farming pursuits, and are therefore referred to Order VIII.; those under 15 years of age are returned as "Children and Relatives," or as "Scholars," Order IV., Sub-orders 3, 4, respectively. The return for "Farm Servant (in-door)" includes dairywomen and all female servants living in Farm-houses, except those employed in domestic duties, as Cooks, Housemaids, Nurses, &c.

Note.—The Country of Birth of Persons born in Foreign Parts was required to be stated in the Householders' Schedule, but owing to a want of precision in the mode of ving that information, it is probable that the Natives of Prussia, Austria, and Hungary are understated in these Tables, and that the numbers referred to Germany include me persons born in the above Countries.
The Children born in the United Kingdom of Foreign Parents are not included in the above numbers.

* The *Registration* or *Union Counties* consist of groups of entire Registration Districts; which Districts are, in general, identical with the Poor Law Unions. As the principle has been adopted of placing a District which extends into more than one County with the County in which either the principal town or the greater part of the population is located, the limits of the Registration Counties differ more or less from the boundaries of the Counties proper, as shown in "Population Tables, Vol. I.—Numbers and Distribution of the People."

† For the number of Children at *each year of age under* 5, *see* Tables 4 and 5.

‡ For the Parishes and Places comprised in each Superintendent Registrar's District, *see* "Population Tables, Vol. I." The Districts are arranged topographically under the Registration Counties, and are numbered consecutively, commencing with the Metropolitan Districts, Division I.

* The *Sub-districts* are sub-divisions of the Districts, and severally comprise the Parishes or Places in which the Births and Deaths are recorded by a Registrar appointed for that purpose. For the Parishes and Places comprised in each Sub-district, *see* "Population Tables, Vol. I.—Numbers and Distribution of the People."

Note.—The letter (W.) denotes that a Workhouse is situate within the limits of the Sub-district, and included in the return. The establishments for pauper children known as Industrial Schools are not here noticed as Workhouses.

† For Ages of Husbands and their Wives *in combination*, see Table 8.

‡ In the few instances in which persons described as married have been returned at any age *under* 15, they have been classified with the persons *aged* 15 and under 20 years.

Note.—The Table is read thus:—In Division XI.—Monmouthshire and Wales, there were *unmarried* 411,386 *males*, of whom 239,026 were under 15 years of age,—66,320 aged 15 and under 20 years,—47,053 aged 20 and under 25 years,—and so on; and 388,689 *females*, of whom 234,266 were under 15 years of age,— 62,234 aged 15 and under 20 years,—and so on. There were of *married* persons, 218,511 *Husbands*, 255 under 20 years of age,—10,330 aged 20 and under 25 years,—and so on; and 220,287 *Wives*, 1,451 under 20 years of age,—17,843 aged 20 and under 25 years,—and so on. And there were of *widowed* persons, 25,248 *Widowers*, 6 under 20 years of age,—145 aged 20 and under 25 years,—and so on; and 48,713 *Widows*, 16 under 20 years,—289 aged 20 and under 25 years,—and so on. The difference between the number of Husbands and Wives arises from *married* couples having been apart, and either the Husband or Wife having been absent from the Division on the night of the Census.

Note.—In the present and subsequent Tables the Occupations are arranged according to the principle of classification adopted in the preceding Summary. The Roman Numerals and the other figures in the first column indicate the numbers of the several Orders and Sub-orders to which the various Occupations have been referred; but where a particular Occupation is inapplicable to the sex, or where no persons are classified as following it, the item is omitted in order to save space. The Occupations referred to "*Others*" in the several Sub-orders appear in detail in the Summary Table for England and Wales.

Persons engaged in more than one branch of trade are referred to that which appeared to be their chief pursuit.

The numbers returned under trades and manufactures comprise all persons employed in them, including labourers, apprentices, and assistants, as well as employers. Very young persons are thus sometimes classed under Occupations usually followed by adults.

The Table is read thus:—In Monmouthshire there were 168 Clergymen of all ages, of whom 4 were aged 20 and under 25 years, 40 aged 25 and under 35 years, 43 aged 35 and under 45 years, and so on for each respective column of age. See Order III., Sub-order 1 (*a*).

Note.—The Country of Birth of Persons born in Foreign Parts was required to be stated in the Householders' Schedule, but owing to a want of precision in the mode of giving that information it is probable that the natives of Prussia, Austria, and Hungary are understated in these Tables, and that the numbers referred to Germany include some persons born in the above Countries.

The Children born in the United Kingdom of Foreign Parents are not included in the above numbers.

† For Ages of Husbands and their Wives *in combination*, *see* Table 4.

‡ In the few instances in which persons described as married have been returned at any age *under* 15, they have been classified with the persons *aged* 15 and under 20 years.

Note.—The Table is read thus:—In the Islands in the British Seas there were *unmarried* 41,118 *males*, of whom 24,253 were under 15 years of age,—6,490 aged 15 and under 20 years,—4,568 aged 20 and under 25 years,—and so on; and 46,155 *females*, of whom 24,041 were under 15 years of age,—7,238 aged 15 and under 20 years,—and so on. There were of *married* persons, 22,639 *Husbands*, 22 under 20 years of age,—874 aged 20 and under 25 years,—and so on; and 23,827 *Wives*, 174 under 20 years of age,—1,656 aged 20 and under 25 years,—and so on. And there were of *widowed* persons, 2,383 *Widowers*, 1 under 20 years of age,—5 aged 20 and under 25 years,—and so on; and 7,325 *Widows*, 1 under 20 years,—27 aged 20 and under 25 years,—and so on. The difference between the number of Husbands and Wives arises from *married* couples having been apart, and either the Husband or Wife having been absent from the Islands on the night of the Census.

Note.—The Table read *vertically* shows the number of *Wives* at each age, with the ages of their Husbands:—Thus, in the Islands in the British Seas, *One* Wife of the age of 25 and under 30 years had a Husband aged 19; *Two* had Husbands aged 20; *One hundred and ninety-four* had Husbands aged 21 and under 25 years.

Read *horizontally* the Table shows the number of *Husbands* at each age, with the ages of their Wives:—Thus, *Two* Husbands of the age of 25 and under 30 years had Wives aged 16; *Two* had Wives aged 17; *Seven* had Wives aged 18.

At all ages, 21,264 Husbands and 21,264 Wives were enumerated as residing together on the night of the Census.

There were also 1,375 Husbands whose Wives were absent (*i.e.*, the Wives were not returned in the same houses as their Husbands), making in all 22,639 Husbands enumerated; and 2,563 Wives whose Husbands were absent (*i.e.*, the Husbands were not returned in the same houses as their Wives), making a total of 23,827 Wives enumerated in the Islands.

Note.—In the present and subsequent Tables the Occupations are arranged according to the principle of classification adopted in the preceding summary. The Roman numerals and the other figures in the first column indicate the numbers of the several Orders and Sub-orders to which the various Occupations have been referred; but where particular Occupation is inapplicable to the sex, or where no persons are classified as following it, the item is omitted in order to save space.

Persons engaged in more than one branch of trade are referred to that which appeared to be their chief pursuit.

The numbers returned under trades and manufactures comprise all persons employed in them, including labourers, apprentices, and assistants, as well as employers. Very young persons are thus sometimes classed under Occupations usually followed by adults.

The Table is read thus:—In the Islands in the British Seas there were 141 Clergymen of all ages, of whom 1 was aged 20 and under 25 years, 34 aged 25 and under 35 years, 9 aged 35 and under 45 years, and so on for each respective column of age. See Order III., Sub-order 1 (*a*).

Note.—The Wives of Innkeepers, Publicans, Lodging-house Keepers, Shoemakers, Shopkeepers, Butchers, and Farmers are specifically returned in the Table, as they are generally engaged in the same business as their husbands. (See also Notes under Tables 6 and 7.)

* The "Wives," "Daughters," "Grand-daughters," "Sisters," and "Nieces" (not otherwise described) of Farmers and of Graziers are, if aged 15 years and resident on the farm, &c., presumed to be more or less engaged in farming pursuits, and are therefore referred to Order VIII.; those under 15 years of age are returned as "Children and Relatives," or as "Scholars," Order IV., Sub-orders 3, 4, respectively. The return for "Farm Servant (in-door)" includes Dairy-women and all Female Servants living in Farm-houses, except those employed in domestic duties, as Cooks, Housemaids, Nurses, &c.

Note.—The Country of Birth of Persons born in Foreign Parts was required to be stated in the Householders' Schedule, but owing to a want of precision in the mode of giving that information, it is probable that the Natives of Prussia, Austria, and Hungary are understated in these Tables, and that the numbers referred to Germany include some persons born in the above Countries.

The Children born in the United Kingdom of Foreign Parents are not included in the above numbers.

* The figures in parentheses immediately following the name of each District indicate the order in which it occurs in the topographical arrangement adopted in the publication. In forming the alphabetical Index of Districts the principle pursued in dealing with *compound* names (as East Ashford, St. James Westminster) has been to place them as they are pronounced; thus, East Ashford is classed under the letter E., St. James Westminster under the letter S., and so on.
